

MFP PERFORMANCE ANYWHERE YOU NEED IT

complexity...that's WORK WITHOUT LIMITS.

A flexible design for setup in countertop or floor-standing console configurations, expandable to 4-tray console with a maximum paper capacity of 2,100 sheets.

Sharp combines the SIMPLICITY AND CONVENIENCE of network printers with the MULTI-TASKING PRODUCTIVITY of color MFPs to achieve the best of both worlds. The MX-C312 is an exciting examples of the SHARP® FRONTIER SERIES, bringing brilliant color output closer to your workgroup with a HYBRID DESIGN that has a small footprint to fit into environments others won't, yet isn't small on functionality. The 7" (DIAGONAL) COLOR TOUCH-SCREEN simplifies operation by providing an intuitive user interface to keep ahead of today's fast-paced office document distribution needs. With Sharp's COMMON CONTROLLER ARCHITECTURE, the Frontier Series provides uniform functionality and operability as found in Sharp's AWARD-WINNING MFP PRODUCT LINE. Engineered to help reduce operating costs and downtime, the MX-C312 is easier than ever to set up, monitor, and maintain and offers modular expandability, remoteaccess capabilities, and a VALUE-ADDED APPROACH to network and software integration. The latest in a long line of innovative Multifunction Document Systems, the MX-C312 incorporates Sharp's AWARD-WINNING Sharp OSA® DEVELOPMENT PLATFORM and industry-leading security suite to help protect data and control access. In action, their ease and versatility will change your mind about MFPs. More power, less

PRODUCTIVITY IN ACTION TO SPEED OUTPUT AND STREAMLINE DOCUMENT WORKFLOW

The Sharp MX-C312 brings fast output, superior color quality and compact footprint closer to the workgroup.

Advanced and easy to operate features will help maximize efficiency, simplify

- Vivid color and crisp black-and-white documents can be quickly and accurately produced at speeds up to 31 pages per minute.
- Powerful 800 MHz controller for true multi-tasking performance and increased multi-functional productivity.
- Large 7" (diagonal) high resolution, wide-screen color touch display with an intuitive graphical user interface that makes advanced copying, printing, scanning and faxing functions easy to use.
- Sharp's powerful ImageSEND™ technology securely scans documents to up to seven destinations, including USB devices, network folders, e-mail, fax machines and desktop PCs, at speeds up to 35 images per minute. You get one-touch distribution features that centralize document workflow helping save time and money.
- Third-generation Sharp OSA development platform enables users to access network applications directly from the device's touch-panel display, helping to reduce redundancy and streamline workflow.

document workflow and reduce
operating expense. Incorporating Sharp's
next-generation common controller
architecture, this powerful multi-tasking
MFP meets the fast-paced needs of today's
modern office.

- Optional Inner Finisher can be added without taking up much additional space. The spaceefficient finisher not only provides exceptional productivity but also automates time-consuming tasks such as stapling, sorting and offset stacking.
- Direct USB Scanning and Printing provides a whole new level of convenience. It comes in handy for scanning documents directly to a USB memory device and is an easy way to print PDF documents.
- Sharp's easy-to-use Document Filing System provides a high-capacity 50 GB of hard drive space for fast document storage and retrieval, with thumbnail view and image preview modes that allow users to easily locate, identify and retrieve files.
- The Remote Front Panel feature allows administrators and help desk professionals to access and control the device from a remote PC workstation. This feature can also be used to help facilitate key operator training.
- The optional Super G3 Fax Kit with intelligent Inbound Fax Routing delivers lightning-fast faxing for busy workgroups.
- With Sharpdesk® personal document management software, users can easily organize their scanned documents and integrate them into everyday workflow.

 The optional Business Card Feeder can automatically feed and scan business cards and is capable of working with commercially available business card scanning software to automate contact database entry.

Optional business card feeder.

Front Panel USB 2.0 port for easy access.

USER-FRIENDLY, ECO-FRIENDLY OPERATION TO HELP SPEED WORK, PROLONG LIFE AND REDUCE COST

The Sharp MX-C312 is designed to minimize service requirements and maximize uptime. The MX-C312 employs long-life, quick-replace cartridges to help extend supplies replenishment intervals and dramatically reduce downtime. Maintenance is trouble-free, with clean and simple replacement of supplies and machine maintenance procedures that can be performed quickly and easily by service technicians or help desk professionals.

- By utilizing a long-life tri-component supplies system consisting of individual toner, developer and drum cartridges, the working life of developer and drums is significantly prolonged—and consumables yield can be up to six times higher than that of typical mono-unit consumable systems.
- Sharp encourages customers to make use of the Toner Recycling Program that provides a pre-paid shipping label for returning used Sharp toner cartridges to our recycling facility. Learn more at: www.sharpusa.com/recycle.
- Supplies can be replenished with no mess and no tools required. Maintenance parts such as primary transfer belt, transfer roller, fuser, paper feed rollers and document feed rollers are also designed for quick, tool-free replacement.
- Power consumption on the MX-C312 is among the lowest in its class. These models comply with the Energy Star™ Program and the RoHS program to minimize energy consumption and the use of chemicals and materials that can harm the environment.
- Built on a sophisticated and rugged unibody frame, the MX-C312 is constructed to absorb vibration, reduce operating noise, and consistently produce superior image quality.
- Sharp's second-generation micro-fine toner technology and new developer combine to reduce graininess, produce clear reproduction of fine lines and halftone colors, and offer a lower consumption rate than conventional toner. The result is breathtaking image quality, less packaging materials and longer replacement intervals.

• As a testament to our commitment to the environment, Sharp is a three-time winner of the ENERGY STAR annual Excellence in Energy Proficiency Product Design. Sharp is also a fourtime winner of the SmartWay® Excellence Award, which recognizes companies for conserving energy and lowering greenhouse gas emissions in logistics and transportation. Sharp was also a previous recipient of the Excellence in Partnership Green Contractor Award and the Evergreen Award from the General Services Administration (GSA) and the Coalition for Government Procurement. These awards recognize environmentally responsible businesses and their efforts on recycling, waste reduction and affirmative procurement practices.

Quick Replace Cartridges for Easy Maintenance This design makes service and general maintenance easier without the need to disassemble the entire machine.

Highly-Rigid Main Frame Helps better protect and isolate critical machine components.

Sharp OSA® technology at a glance

- Automate tasks and save time with seamless integration between the MX-C312 and network applications
- Centralized applications minimize set-up and installation on multiple Sharp products
- Virtually eliminates repetitive tasks and streamlines workflow, increasing efficiency
- Maximize your return on investment with tighter integration among IT assets
- Industry standard programming leads to faster deployment of new solutions

Today's multifunction products must be versatile enough to handle fast-changing system requirements and security demands. For Sharp, that's a given—but we've gone much further. Designed for today's mobile and flexible workplace, the MX-C312 supports the AWARD-WINNING SHARP OSA development platform. This 3RD GENERATION TECHNOLOGY delivers unparalleled efficiency, control and convenience. With SEAMLESS INTEGRATION, Sharp OSA-developed applications provide a window into your business applications, so you can access what you need, when you need it, right from the touch panel. With the ability to PERSONALIZE APPLICATIONS and processes specific to your business, Sharp OSA technology can help eliminate redundancy and streamline workflow. Utilizing INDUSTRY STANDARD NETWORK PROTOCOLS, such as XML and SOAP, Sharp OSA technology allows these MFPs to communicate with many different applications. As your integration and workflow needs change, count on Sharp's scalable technology to help KEEP YOU AHEAD.

PROVEN PROTECTION FOR CONFIDENTIAL DATA, DEVICE ACCESS AND NETWORK SAFEGUARDS

The exchange of digital documents in the
21st century creates new challenges for
network security. Sharp has developed an
award-winning, multi-layered security
system to help protect valuable

Authority Group and Access Control

Advanced account management enables administrators to set authority groups for access to features of the MX-C312. Administrators can control which department, for instance, has full access to color copying, printing, scanning and/or fax. Walk up users enter a code, Local Name and Password, or LDAP User Authentication to access their features assigned to their group. Users can also login utilizing a human interface device (HID) such as a Smartcard or Common Access Card (CAC).*

Documents Remain Confidential

To help protect your printed documents from unauthorized viewing, the MX-C312 offers encrypted PDF files for printing and scanning as well as **Confidential Printing** that requires users to enter a PIN code in order to print a queued document. Additionally, **Secure Fax Release** ensures received fax documents are held in memory until an authorized user enters a PIN code. So compliance with healthcare regulations such as HIPAA is easier.

information and maintain employee
confidentiality. No company has more
experience in maintaining digital
security—so corporate end-users and
IT professionals can count on the
proven safeguards of the MX-C312.

Data Erase and Encryption

To help protect your data, the MX-C312 Series offers an optional data security kit that encrypts document data using **AES** (Advanced Encryption Standard) **encryption**. Additionally, the data security kit erases the temporary memory on the hard drive by overwriting the encrypted data up to seven times, offering an unprecedented level of assurance.

Control Device Access Over the Network

To help restrict access to the device over the network, the MX-C312 offers IPsec, SMB and extended support for **SSL Encryption** (Secure Sockets Layer), **IP/MAC address filtering**, IEEE 802.1x authentication, protocol enable/disable and port management for maximum security.

Network Scanning Access

To help protect your network from unauthorized E-mail communications, the MX-C312 supports **User Authentication**, requiring users to login before performing any network scanning operations.

Tracking and Auditing Information

Legislation and industry policies require companies to be more aware of information flow from their offices. Sharp offers both built-in and additional hardware/software which allows users to control, access and track usage of each device on the network.

These scalable security offerings aim to protect your intellectual property, preserve confidential information and help your business to meet regulatory requirements, such as the Health Insurance Portability and Accountability Act (HIPAA), and the Gramm-Leach-Bliley Act (GLB). DEVICE MANAGEMENT MAXIMIZES PRODUCTIVITY AND CONTROL

The Sharp 24/7 Training Advantage
To make managing your new MX-C312
document systems simple and easy, ask
your local Authorized Sharp Dealer about
My Sharp, a dedicated customer-care
website that offers solutions, resources
and information specific to your new
Sharp product.

Sharp's MX-C312 combines integrated, user-friendly software with robust device management technology to help IT professionals manage usage, control costs and minimize downtime. To maximize opportunities while reducing document and support costs, office environments must MANAGE DOCUMENT WORKFLOW with greater intelligence. The Sharp ADMINISTRATION UTILITY SUITE is designed to do just that. It allows administrators to MANAGE DEVICES more efficiently. They can remotely manage the set-up, configuration, device settings and more! The convenience of an Embedded Web Page gives users advanced WEB-BASED MANAGEMENT TOOL of network scanning, profiles and web-links—while

manage

administrators can access device settings, color controls, account information and security settings to help SAVE TIME and IMPROVE PRODUCTIVITY. Sharp's device management system lets you TAKE CHARGE of color usage and costs. A new REMOTE FRONT PANEL feature allows help desk professionals and support personnel to view and control the device's LCD Panel remotely from any authorized networked PC. Our Printer Status Monitor lets network users VIEW PRINTER CONDITIONS, check paper and toner levels right from the workstation. Powerful and Intuitive SHARPDESK® SOFTWARE enables individuals GREATER CONTROL OF SCANNED DOCUMENTS.

MX-C312 SPECIFICATIONS

Main Specifica	ations
MX-C312	Includes multi-tasking controller, 80 GB HDD with
	document filing system, PCL®5c/PCL6/PostScript® 3
	network printing, network scanning, 50-sheet RSPF,
	auto-duplex, 500-sheet paper drawers and 100-sheet bypass. Black and color developer is included in the box.
Туре	Color multi-function digital document system
Functions	Copy, print, network print, network scan, document filing
	and fax1
Copy System	Dry electrostatic transfer/Dual component developer/
	Magnetic brush development/OPC drums/Heat Roller
Originala	fusing/Xenon Lamp Exposure
Originals Max Original Size	Sheets and Bound Documents 8-1/2" x 14"
Copy Size	Min 5-1/2" x 8-1/2"/Max 8-1/2" x 14"
Copy Speed	31 ppm B&W/Color (Letter)
Multiple Copy	Max: 999 copies
First Copy Time	Platen glass: 8.0 sec or less (B&W); 8.9 sec or less (color)
	RSPF: 9.9 sec or less (B&W); 11.5 sec or less (color)*
Warm-Up Time	90 seconds or less*
Magnification	50% to 200% in 1% increments (50 to 200% for RSPF)
Original Feed Scan Speed	50-sheet RSPF with original size detection Copy mode (Simplex): Up to 35 ipm (B&W or color)
ocan opeeu	@ 600 X 300 dpi.
	Network Scan (Simplex): Up to 35 ipm (B&W or color)
	@ 200 x 200 dpi.
Original Sizes	5-1/2 x 8-1/2 / 8-1/2 x 14 (15-lb bond to 110-lb index)
Paper Feed	Standard: 500 sheet paper drawer (Letter/Legal) and 100-
System	sheet bypass tray (Letter/Legal). Optional: Up to 3 additional
D	500-sheet paper drawers (Letter/Legal) ²
Paper Types	Paper drawers: 16-28 lb. bond. Other paper types include:
	plain, pre-printed, recycled, pre-punched, letterhead, and color paper. Bypass Tray: 16-28 lb. bond (plain paper),
	15-16 lb. (thin paper), 28 lb. bond-110 lb. index (heavy
	paper), 20-24 lb. (Monarch/Com-10 envelope). Other types
	include label paper, gloss paper, pre-printed, recycled,
	pre-punched, letterhead, color film and OHP Film.
Duplexing	Standard automatic duplex copying and printing
CPU	Power QUICCIII-MPC8533E/800MHz
Interface	RJ-45 Ethernet (10Base-T/100Base-TX/1000Base-T), USB 2.0 (Host Port), USB 2.0 (Device Port)
Memory	Standard 1 GB (copier); 512 MB (printer/network
o.ry	scanning) memory
Hard Disk Drive	80 GB; up to 50 GB document filing system
Copy Resolution	Scan: B&W/Color: 600 dpi; Copy output: B&W/Color 600 dpi
Color Modes	Auto Color Control, Full Color Mode, Monochrome (B&W), 2
	Color Mode, Single Color Mode.
Exposure Control	Modes: Automatic (Color: Magical View, B&W: Character AE) Text, Text/Photo, Text/Printed-Photo, Printed-Photo,
	Photo, Map, Pale-Color document. Settings: Auto exposure
	control or 9 step manual exposure.
Halftone	256 gradations/2 levels (monochrome)
Copy Features	Scan-Once-Print-Many, electronic sorting, Auto Color
	Sensing (ACS), Auto Paper Sensing (APS), Auto
	Magnification Sensing (AMS), Auto tray switching (ATS),
	rotation copy, reverse copy, margin shift, edge erase, OHP insertion, card shot, reverse image, black-white reversal,
	centering, proof copy, 2-in-1, photo repeat, document
	filing, job programs, date/character/page stamp (color)
Account Control	Up to 1000 users. Supports user-number authentication (on
	device), login name/management, date/character/page stamp
Output Trov	(color), Copy, Print, Scan, Fax and Document Management
Output Tray Capacity	Main output tray (top) 250 sheets (face down)
Firmware	Flash ROM with local (USB); network update capability and
Management	firmware update 1 to N with PAU (Printer Administration Utility)
Configuration	Web-based management system with user/administrator
Method	level login security, cloning (1 to N) with PAU and remote
	front panel access
	Remote Front Panel Access to service logs and click counts
